

## ALL THE NEWS OF NORTH CAROLINA.

"It is not who your parents were," said the Wilmington Star, "but who are you."

The balloon ascension at the Hammocks takes place Friday and Saturday next, the 12th and 13 of June.

The Christian Church in Durham was dedicated Sunday night, Rev. C. J. Jones, of Norfolk, Va., preaching the sermon.

The Mount Holly News reports the birth of a mule colt at Mr. Alex. Cannon's, which measured four feet five inches in height.

The first cotton-squares of the season were reported to the Goldsboro Argus on Saturday last by Mr. Jethro Howell of Wayne.

The Wilmington Star says "the Lord never depends very much on the well-to-do church-member who does not take a religious paper."

Charlotte, N. C., is to have another cotton factory. Subscriptions amounting to more than \$100,000 have already been raised for the new enterprise.

The Shelby Aurora is a believer in the trinity of education—the training of the head, heart and hands, and fitting the boys and girls for the battle of life.

Mrs. W. A. Wright and a party of ladies of her family will sail on the 15th inst., from New York, for Liverpool, with the expectation of remaining abroad for two years or more.

Internal revenue collections at Winston for the week ending Saturday, June 6th, amounted to \$14,661.27. During same time tobacco manufacturers shipped 244,354 pounds of the weed.

The Methodist Advocate makes this declaration: "The gospel preached and the Bible read to and by all the people is worth more than all the coast defense and navies that can be built for the protection of our borders."

Rev. Dr. Wesler, of Russia, has purchased for the Russian Hebrew refugees 800 acres of land within ten miles of Lenoir, Caldwell county, at a very fair price, which is not to be disclosed at present.

There is rather a surplus in the Caswell county treasury, but still the Milton Advertiser says "the county could well afford to give \$200 to secure a respectable exhibit at Raleigh and Chicago."

Eliza Utley, the woman who has been at work on the streets and in the guard-house at Durham was given her liberty on condition that she would leave the community and never return. Eliza must have been a very unfortunate or a very bad woman.

A terrific hail storm passed over Forsyth county just North of Winston late Friday afternoon. It reached as near as the furniture factory of Mr. Cicero Tise. It did considerable damage to crops, especially wheat, which is nearly ripe enough for the reaper.

All the old issue of the \$300,000 Mecklenburg county bonds have been redeemed, except 2,800, and the Chronicle felicitates itself upon the fact the county treasurer is ready to take up these on presentation.

Big blue huckleberries retailed Saturday, in Wilmington, two quarts for a quarter; strawberries and blackberries at 10 cents; peaches at 35 cents a dozen; cucumbers at 30 to 35 cents a dozen for very small growth, and green corn, sugar corn, and very small ears, at 25 to 30 cents a dozen.

The Wilmington Review says: The two fights at Fort Fisher would be a splendid and appropriate theme for an address on Memorial Day. "We have some data already in our possession, and hope to get more, and 'some of these days'—perhaps—we may write up the thing, and try and induce somebody to deliver it."

The New Berne Journal, noted for the correctness of its statements, says: Mr. Wm. Dunn dug 583 barrels of potatoes from less than five acres of ground, and these were not his best ones either. He has commenced on digging some that are yielding at the rate of 140 barrels to the acre.

The Morganton Herald avers that there is an abundance of water-power within a mile of Morganton to furnish the town with electric lights, run a system of electric cars and furnish the motive power for numerous small industries, and says this water-power is running to waste, and the town needs the lights and the cars and the motive power.

The King's Mountain News referring to crop prospects in that section says: "All complaints about the cotton not coming up have ceased since the rains set in. There are fine stands all through this section. There is the finest prospect for a wheat crop through this section that we have had for several years. This of course does not apply to the hail swept neighborhoods."

### DRUNKENNESS

Or the Liquor Habit, Positively Cured by administering Dr. Haines' Golden Specific.

It is manufactured as a powder, which can be given in a glass of beer, a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with this Specific, it becomes an utter impossibility for the liquor appetite to exist.

## MUTUAL LIFE INSURANCE CO.

OF NEW YORK.

RICHARD A. McCURDY, President.

Assets.....\$147,154,961 29

Liabilities.....137,173,727 82

Surplus.....\$9,981,233 38

When solicited to insure in other Companies, remember that THE MUTUAL LIFE INSURANCE COMPANY of New York is entitled to your first consideration, since it holds the foremost place among the Life Insurance Institutions of the world, and offers superior advantages in all the features of business, together with unequalled financial security.

- 1.—It is the OLDEST active Life Insurance Company in this country.
- 2.—It is the LARGEST Life Insurance Company in the world.
- 3.—It is the STRONGEST financial institution in the world, its assets amounting to more than \$147,000,000.
- 4.—It is the SAFEST Company in which to insure.
- 5.—It is the CHEAPEST Company in which to insure. Its large dividend returns reduce the final cost of insurance to a minimum.
- 6.—It is the BEST Company in which to insure, as it combines all the advantages of age, large and select membership, financial strength, absolute security, and the cheapest insurance that is honestly possible under any contract which has a definite value to the beneficiary.
- 7.—It has no stockholders to claim any part of the profits. The assets and surplus all belong to the insured.
- 8.—Its ratio of expenses to receipts shows the most economical management.
- 9.—Its New Policy is the most liberal ever offered by any Insurance Company.
- 10.—It places no RESTRICTIONS upon Travel, Occupation or Residence after being two years in force.
- 11.—Being practically NON-FORFEITABLE and INCONTINGENT it provides a legacy and not a lawsuit.
- 12.—It is the SIMPLEST and most comprehensive form of Insurance Contract ever issued. If the Policyholder pays his Premium while he lives, the Company will pay the full value of his Policy when he dies.
- 13.—All CLAIMS are paid immediately upon acceptance of proofs of death.
- 14.—The DISTRIBUTION POLICY of this Company presents a most attractive investment feature. It not only accumulates the surplus arising from the premiums over the cost of the insurance on each policy in force during the Distribution period, but increases it by compound interest.

### LIQUID ENAMEL PAINT.

[Has been in the Market 22 years.]

Mixed Ready for Use.

Any one can Apply It.

WILSON, N. C., Sept. 8, 1876.

MR. C. P. KNIGHT, Baltimore, Md.:

Dear Sir—In reply to your letter as to the merits of the Liquid Enamel Paint,

it affords me pleasure to say it has given entire satisfaction, so much so it has converted the painter that applied it, and also others who were very skeptical when it was being applied. In fact, the opposition to it was so intense when I was about to buy, I should have likely bought lead and oil had I not have known you so many years and having great confidence in your integrity.

Yours truly,

R. R. COTTEN.

N. J. E. Paint Co., Baltimore:

Dear Sir—In January, 1878, our store was painted with the Liquid Enamel Paint, made by the New Jersey Enamel Paint Company. We used tints that generally show the effects of exposure, but the paint has retained its color, gloss and freshness. We shall take pleasure in using it in the future.

Yours truly,

ARMSTRONG, CATOR & Co.

CHAPEL HILL, N. C., Jan. 9, 1884.
